

Since 1964...

Duenner Supply Company, Inc. continues to improve its services as a leading supplier of brass, copper alloy castings, copper plate, aluminum bronze, brass plate, bearing bronze, and copper alloy castings to manufacturing industries.

Our plate processing center located in Tulsa, Oklahoma has a branch warehouse in Houston, Texas. Duenner works directly with leading manufacturing mills like MKM, to maintain inventory of non-ferrous plate.

Duenner Supply Company provides *Expedited Delivery* for all our products.
